

Non-Bio Laundry Liquid - Unfragranced

An environmentally designed concentrated and unfragranced laundry liquid that works on cold and hot washes. This refined formula is the best way that we have found, without greenwashing, to reduce carbon footprint. The reduction of water in the formula which increases concentration, reduces weight and in turn carbon footprint in transportation of the liquids.

Ingredient	What is it?	What does it do?
Aqua	Water	Holds components in solution
Sodium Laureth Sulfate	Anionic Surfactant (RSPO)	Solubilises grease and oils
Sodium Citrate	Builder	Reduces water hardness and enhances cleaning performance
Sodium Carbonate	Builder	Reduces water hardness and enhances cleaning performance
Sodium Bicarbonate	pH adjuster	Reduces water hardness and enhances cleaning performance
